January 25, 1933

ENGINEERING NEWS-RECORD

A WEEKLY JOURNAL OF CIVIL ENGINEERING
AND CONSTRUCTION PRACTICE

Volume 111

July to December, 1933

McGRAW-HILL PUBLISHING COMPANY, INC.
330 W. 42d St.
NEW YORK CITY

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 111—July to December, 1933

	Page
July 6	1 to 32
July 13	33 to 62
July 20	63 to 92
July 27	93 to 122
Aug. 3	123 to 154
Aug. 10	155 to 184
Aug. 17	185 to 214
Aug. 24	215 to 244
Aug. 31	245 to 274
Sept. 7	275 to 306
Sept. 14	307 to 336
Sept. 21	337 to 366
Sept. 28	367 to 396
Oct. 5	397 to 428
Oct. 12	429 to 458
Oct. 19	459 to 488
Oct. 26	489 to 518
Nov. 2	519 to 550
Nov. 9	551 to 580
Nov. 16	581 to 610
Nov. 23	611 to 640
Nov. 30	641 to 670
Dec. 7	671 to 702
Dec. 14	703 to 732
Dec. 21	733 to 770
Dec. 28	771 to 800

A

AERONAUTICS

Air delivery of road materials 628
Chicago plans airport n239
High pressure wind tunnel for research. 6

Aluminum:
Structural aluminum on Smithfield Street Bridge. H. D. Johnson, C. H. Schade *783
Aluminum floor for Pittsburgh bridge. C. M. Reppert *611

American Assn. of State Highway Officials:
Annual meeting 478

American Institute of Steel Construction:
Codes and housing n512

American Public Health Assn.:
Meeting discusses sewage, water and refuse problems n486

American Shore and Beach Preservation Assn.:
Washington meeting n730

AMERICAN SOCIETY FOR TESTING MATERIALS

Approves new specifications for steel. . n638
Chicago meeting adopts new specifications 18
Chicago meeting discusses materials and specifications 49
Lawson made president n*26
Undiminished activity e22

AMERICAN SOCIETY OF CIVIL ENGINEERS

Chicago meeting 20
Chicago meeting discusses technical activities 51

American Society of Municipal Engineers:
Milwaukee convention 445

American Water Works Assn.:
Virginia Water and Sewage Assn. to affiliate n667

American Welding Society:
Convention reports recent welding studies 444

AQUEDUCTS

Colorado River:
Cajalco reservoir plans approved. . . . n393
Pump research e539
Summary of unit prices for aqueduct tunnels (unit prices) 396
Tunnel No. 2 holed through n*577
Quabbin Aqueduct has well managed tunneling methods *310

Arches:
Concrete arches discussed by A.S.C.E... 53
Hydrostatic analogy for arch structures. H. M. Westergaard *788

Auditorium for St. Louis *771

Awards:
M. G. Barnes honored by tablets on Illinois waterway structures n422
Bartlett award to J. H. MacDonald. . . . *693
Greeley Veteran's award for long time service in single cities presented..... 445
John Fritz medal to J. R. Freeman. . . . n541

B

BEAMS

Continuity in girder-beam bridges in Nebraska highway department. Josef Sorkin (charts) 496
Continuous-beam design. Beanfield, Fleming ..... l 176
Continuous-beam design. Odd Albert. . . . l 509

Betchel, W. A., dies n*271
Black, William M.—dies n392

BLASTING

Blasting a cutoff channel on the Saco River. L. D. Barrows..... *198
Bombing out subaqueous rock at Golden Gate Bridge pier *93
Invention in blasting e114

BONDS

California communities vote on public bond issues n797
California votes unemployment bonds. . n57
Cleveland Council favors bond issue for municipal light plant expansion..... n364
Cleveland sewage plant bonds authorized n59
Columbus sewage loan e480
Columbus to test bond payment law. . . n797
Louisiana contractors take bonds for their warrants n242
Oklahoma dormitory bond issue upheld. n696
Public works construction bond issues approved by voters n609
Utah revenue-bond law upheld by Supreme Court n796
Washington Supreme Court upholds sewer bond invalidation n795
West Virginia decision on municipal bonds suspends municipal activities. . n486

BOOK REVIEWS

Air conditioning. Moyer and Fittz..... 387
American railroad in laboratory 387
Azimuth determination. E. F. Coddington 600
Business under the Recovery Act. Lawrence Valenstein and E. B. Weiss 234
Design of simple steel structures. C. T. Morris 234
Die praktische berechnung der stahlskelettrahmen. Georg Unold..... 600
Engineer's year book, 1933-34 790
Fresh-water algae of the U. S. G. M. Smith 477
Hydraulics. King & Wisler 477
Irrigation practice and engineering. Etcheverry & Harding 387
Labor relations under the Recovery Act. Ordway Tead and H. C. Metcalf..... 234
Manual of structural design. Jack Singleton 790
Multiple lens aerial cameras in mapping 600
National Industrial Recovery. B. C. Kirsh and H. R. Shapiro 234
Planning in the small American city. R. V. N. Black 234
Procedure handbook of arc welding design and practice 790
Reinforced concrete bridge design. Chettoe and Adams 387
Reinforced concrete water towers, bunkers, silos and gantries. W. S. Gray 387
Steel construction 387
George Washington Bridge 790
Transition zoning, v. 5. A. C. Comey. . 600
What electricity costs. Ed. by M. L. Cooke 234
World power study 790

Boundary Lines. See Surveys and Surveying.

Bricks and brickwork:
Reinforced brick walls reduce steelwork. L. B. Lent *257

BRIDGE ACCIDENTS AND FAILURES

Florida highway bridge burned..... n421
Inadequate inspection causes Anacostia River Bridge and New Mexico Bridge failures *687
Anacostia River Bridge near Washington n270. *687
Pittsburgh bridge collapses under heavy load n*726
Train wrecked in New Mexico. . . . n270. *687
Vigilance the price of safety..... e690

Bridge clearances:
Draw bridge openings e142

BRIDGE CONSTRUCTION

Asphalt bridge plank with non-skid surface *800
Atchafalaya River bridge sets new records. D. T. Jerman *776
Beauharnois rail and road bridge on same foundations *284
Better bridge building e389
Continuous truss spans Missouri River near Helena, Mont. William Bertwell. *498
Fabricated structural timber e114
Girderless flat slab bridges for D. L. & W. railway crossings. M. Hirschthal. . . *344
Gunite on Oregon City bridges show no deterioration. C. B. McCullough. . . . *259
Lewis River suspension bridge uses prestressed rope cables. H. O. Blair. . . . *70
Little Bay bridge, New Hampshire, piers —unit prices 214
Ring connector joints used on timber bridge trusses. Ryan & Smith..... *95

San Francisco:
Golden Gate:
Anchorage ready for steel n*391
Bombing out subaqueous rock at pier *93
Work makes progress *7
Oakland Bay bridge progress..... *464

Structural aluminum on Smithfield St. Bridge, Pittsburgh. H. D. Johnson, C. H. Schade *783
Toledo Railroad eliminates center pier and uses integral abutment for grade separation of tracks *568
Welded plate-girder bridge in Dresden, Germany. Rene Leonhardt *589

BRIDGE DESIGN

Cincinnati railway bridges of rigid frame concrete. D. A. McGavren..... *526
Columbia River swing span on Astoria-Svensen highway. H. W. Young. . . . *657
De Montmorency Bridge in India combines bullock cart road and single track for railway 523
Dnieper River railway bridge, Russia. C. L. Christensen *160
Girderless flat slab bridges for D. L. & W. railway crossings. M. Hirschthal. . . *344
Missouri River bridge and Kansas River bridge part of new trafficway in Kansas City, Kansas. LaMotte Grover. . . *459
Multiple-span continuous girders in bridge. C. H. Gronquist ..... l 660
Nebraska highway department effects economy through continuity in girder beam bridges. Josef Sorkin (charts) 496
New Orleans-Belt R.R. bridge foundations *189
Peek-kill bridge capacity increased from 12 to 30 tons. F. B. Doolittle..... *683
Pittsburgh bridge (Smithfield St.) rebuilt using aluminum floor. C. M. Reppert. *611
Rigid frame bridges built at Fergus Falls, Minn., in 1919. C. S. Whitney..... l 85
Rigid frame bridges built by London, Midland & Scottish Railway. H. P. Stewart l*84
Rigid frame concrete bridge for railways a grade-separation advance..... e538
Seattle remodels its university bridge. J. A. Dunford *439
Self-anchored suspension bridge built in Missouri. Howard Mullins *367
Shallow deck bridges. A. N. Doud. . . . l 141
Suspension bridge and structural theory discussed at A.S.C.E. meeting 53
Synchronous-motor lift bridges. W. L. Six ..... l 689
Tower design prize offered by Steel Institute n693
Vertical-lift bridges with synchronous motors. W. L. Six *402
Washington, D. C., bridge—concrete or timber? E. W. Benes ..... l 205
Washington, D. C., concrete bridge simulates timber. D. H. Gillette *140

BRIDGE FLOORS

Aluminum bridge floors e632
Aluminum floor for Pittsburgh bridge. C. M. Reppert *611
Light bridge floors e572
Open-mesh steel deck on bascule span used in remodelling Seattle bridge. J. A. Dunford *439
Structural aluminum on the Smithfield Street bridge. H. D. Johnson, C. H. Schade *783

BRIDGE RENEWALS AND REPAIRS

Extra trusses added to Indus River bridge in India. W. T. Everall..... *658
Oldest suspension bridge repaired—Lackawaxen, Pa. n*795
Peek-kill bridge capacity increased from 12 to 30 tons. F. B. Doolittle..... *683
Rebuilding Pittsburgh bridge using aluminum floor. C. M. Reppert. . . . *611
Structural aluminum on the Smithfield Street bridge. H. D. Johnson, C. H. Schade *783
Timely advice. A. M. Truesdell n449

BRIDGES

Atchafalaya River Bridge at Morgan City, La., approved n27

Atchafalaya River:
Morgan City bridge sets new records. D. T. Jerman *776

Baton Rouge, La.:
Highway bridge gets loan..... n766

Bethlehem, Pa.:
Cast iron bridges still in service. H. K. Ellis *597

Boeuf River:
Highway bridge plans n57

Bonnet Carre:
Highway bridge to be built n116

British Columbia:
Fraser River bridge to be built..... 256

Cast iron bridges in service after sixty years. H. K. Ellis *597

Cincinnati:
Railway bridges of concrete with rigid frames. D. A. McGavren *526

Columbia River:
Swing span on Astoria-Svensen highway. H. W. Young *657

Danville, Tenn.:
L. & N. Railway bridge 165

England:
Canal bridge reconstruction 342

Fergus Falls, Minn.:
Early rigid frame bridge. C. S. Whitney ..... l 85

Germany:
Dresden bridge of welded plate girders. Rene Leonhardt *589

Helena, Mont.:
Continuous-truss bridge over Missouri. William Bertwell *498

India:
De Montmorency bridge 523
Extra trusses added to Indus River bridge. W. T. Everall *658

Ireland:
Railway builds rigid frame bridges. H. P. Stewart l*84

Kansas City, Kan.:
Kansas River Bridge part of new trafficway. LaMotte Grover *459
Missouri River Bridge part of new trafficway. LaMotte Grover..... *55

Lackawaxen, Pa.:
Oldest suspension bridge repaired. . . . n*795

*Illustrated; a, abstracts; e, editorials; l, letter; n, news

Lewis River:
Suspension bridge uses prestressed rope cables. H. O. Blair *70
Mississippi River:
Deep bridge piers approved n27
Missouri:
Self-anchored suspension bridge. Howard Mullins *367
Neuces River, Texas:
Bell splice composite pile. G. G. Wickline *39
New Hampshire:
PWA provisions increase bridge bid..n810
New Orleans:
Belt Railway bridge foundations....*189
Belt Railway—no funds for wage rise on project n182
Belt Railway—wage rates set by National Labor Board n634
Bonnet Carre bridge bids too high..n421
Bonnet Carre spillway trestle bids..n664
New York City:
57th St. bridge disapproved by War Dept. n635
Triborough Bridge bids to be opened soon n577
Triborough Bridge, granted loans....n*239
Triborough tower contract let.....n667
Oregon City:
Gunite bridges show no deterioration. C. B. McCullough *259
Peekskill, N. Y.:
Capacity increased from 12 to 30 tons by welding. F. B. Doolittle.....*383
Pennsylvania's policy against private toll bridges n211
Pittsburgh, Pa.:
Aluminum bridge floor. C. M. Reppert.*611
Structural aluminum on Smithfield St. bridge. H. D. Johnson, C. H. Schade *783
Portsmouth, N. H.:
Worth the cost e206
Quebec:
Beauharnois canal bridges..... *284
Russia:
Dnieper River railway bridge. C. L. Christensen *160
St. Lawrence River:
Island of Orleans bridge contract let.n394
San Francisco:
Golden Gate:
Anchorage ready for steel.....n*391
Bombing out subaqueous rock..... *93
Directors vote for high silica cement n726
Pier completed in six months..... n26
Pier work disabled in storm.....n609
Suit on proposed use of high silica cement n515
To use high silica cement n390
Tower erection equipment n273
Work makes progress *7
San Francisco-Oakland Bridge:
Ceremony marks beginning of construction n89
Cofferdam cutting edges for piers..n*146
Deep caisson landed n727
New dimensions e764
Preparations n299
Progress *464
Radio telephone to direct work ..n335
Record size caisson placed.....n607
Sampling and soil tests. D. E. Moran*404
Seattle, Wash.:
University bridge remodeled with open mesh steel deck. J. A. Dunford..*439
Shreveport, La.:
Red River bridge dedicated.....n*668
Timber railroad bridges built with ring connector joints. Ryan & Smith.... *95
Troy, N. Y.:
Bridge opened n*117
Vincennes, Ind.:
Memorial bridge dedicated n*297
Washington, D. C.:
Concrete or timber? E. W. Benes...1205
Small concrete bridge simulates timber. D. H. Gillette *140
Bridges. See also Grade Crossings.
Building accidents and failures:
Disaster losses in Mexico 787

BUILDING CONSTRUCTION

Army post construction contracts let..n668
Building and rebuilding e451
Dampness on masonry walls 562
Electrified rail terminal in St. Louis....*671
Extending a bank into an adjacent building in New York City. Julius Eckmann *681
Fire-proof house construction favored by PWA board n390
Low-cost housing discussed at national conference n543
Rockefeller Center — new excavation work n*513
Shelter for Casa Grande ruins. Kittredge & Nickel *46
Three San Francisco schools closed as earthquake hazards n665
Building demolition:
Technique of demolition as applied to removing old buildings at Rockefeller Center *716

BUILDING DESIGN

Earthquake action studies promise better structures. J. B. Macelwane....*779
Earthquake design for an eight story apartment house. H. B. Hammill....*590
Earthquake-shock transmission in tall buildings. H. M. Westergaard.....*654
Effect of haunches on moments in a concrete slab. B. M. Holman.....*656
Exit practices in buildings. Houghton & Courtney 164
Exit practices in buildings. R. S. Moulton n449
Exit practices in buildings. E. E. R. Tratman 1*661
Exit practices—traffic volume in stadium exits. O. H. Tucker 1689
Exit practices—traffic volumes through building exits. Houghton & Courtney 200
Exits for buildings. H. E. Plummer...1789
Extending a bank into an adjacent building in New York City. Julius Eckmann *681
Monolithic tier buildings for beer storage. Godfrey Lutz *649
St. Louis auditorium *771
Trend toward theory e87
Wind pressure on buildings discussed by A.S.C.E. 53
Yale University gymnasium. E. E. Seelye.*219
Building laws and regulations:
Earthquake code requirements. E. L. Copet 1113
Fireproof house construction favored by PW board n390

BUILDINGS

Brooklyn, N. Y.:
Brewery of monolithic tiers. Godfrey Lutz *649
New Haven, Conn.:
Yale University gymnasium. E. E. Seelye *219
New York City:
Bowery Savings Bank alters next building for an extension. Julius Eckmann *681
Post Office annex bids rejected.....n668
Award to second low bidder.....n540
Bids for annex to post office.....n697
Controller upholds low bidder.....n607
Rockefeller Center—new excavation work n*513
Pasadena school rebuilding n91
Philadelphia, Pa.:
Post office building uses vibrator in placing concrete *787
Post office strike ended n695
St. Louis:
Electrified rail terminal *671
Municipal auditorium *771

C

Cables:
Lewis River suspension bridge uses prestressed rope cables. H. O. Blair *70
Cableways:
Record-size cableway at Boulder Dam.*760

CAISSONS

Atchafalaya River Bridge sets new records. D. T. Jerman *776
Difficult caisson sinking for Vancouver water tunnel. Smaill & Waynne-Edwards *9
Le Verdon, France, landing jetty founded on caissons sunk by air-lift pumping.*249
Record size caisson placed for San Francisco-Oakland bridge n607
Shaft sinking by caissons in ancient Egypt *675
Sinking caissons for Southampton's quay and dry dock *622
Sinking Quabbin Dam corewall..... *215
Special concrete caissons for New Orleans bridge foundations *189

CANALS

All-American canal bids received.....n795
All-American irrigation canal bids for earthwork n638
Barge lift for Berlin-Stettin canal....n*273
Bridge over Beauharnois canal..... *284
Calumet-Sag canal connection not favored by army engineers n25
Delaware and Raritan canal offered to New Jersey n90
Florida canal plan to be restudied by engineers n729
Formula developed for determining canal seepage losses. Samuel Shulits..... 433
New York provides funds for barge canal improvements n144
Puget Sound-Columbia River canal project approved n242
Ship canal across Florida proposed to PWA n578
Youngstown rehearing begun n769

CEMENT

Accident record for cement industry for nine years 258
A.S.T.M. discusses cement and concrete.. 50
Code's wage and hour provisions to be put in force n90
Composition of cement. Ira Paul....1112
Demoistured air aids Madden Dam cement handling *11
Experimental cement plant at University of California. J. W. Kelly..... *519
Handling cement at Madden Dam. A. J. Ackerman 1326
High silica cement to be used in pier of Golden Gate bridge n390
Highway batching plant in California handles bulk cement *596
Madden Dam—cement hardening.... e23
New specifications proposed in France.. 5
Special cements e4
Specialized cements—conservatism has a place e5
Cement. See also Gunite.
Central States Sewage Works Assn.:
Indianapolis meeting n5
Channels:
Separate roughness coefficients for channel bottom and sides. R. E. Horton (charts) 6

CHICAGO, ILL.

City wants government to by-pass river traffic n3
Cook County stream pollution survey.. 4
Drainage canal may be sold to federal government n5
Elevated motor ways proposed n5
Filters for Chicago e6
Filters and metering proposed for south district n6
Sanitary District accepts loan contract.n6
Sanitary District case applies for rehearing n4
Sanitary District drainage case decision not to be reconsidered n4
Sanitary District—good use for money .e4
Sanitary District to be financed by State of Illinois e5
Sanitary District loan e510, n7
Sanitary District pledges funds for restudy n6
Sanitary District project discussed in A.S.C.E. meeting 5

CITIES

City distress and the PWA e389
City managers discuss problems at Chicago meeting n391
Inventory of real property to be made in 60 cities by unemployed n794
Men appointed to help on PWA applications n604
Municipal engineers discuss problems.. 445
Public works officials discuss administrative city problems n392

CITY PLANNING

A.S.C.E. discusses city planning and construction 52
National conference on slum clearance.. n5
Planning progress (A.S.M.E. meeting).. 447
Planning and zoning data tabulated.... 778
Slum clearance housing e54

CIVIL WORKS ADMINISTRATION

Direct action for employment.....e632
Engineering board in Illinois to approve CWA projects n668
Farsighted measures e632
Illinois CWA has new director n794
Itching palm e662
Plans for the CWA *629
Plans for unemployed n664
President to ask funds to continue program n766
PWA projects transferred to civil works.n692
State Civil Works Administration representatives 694
To measure building needs e764

COAST EROSION AND PROTECTION

American Shore and Beach Preservation Assn. meeting n730
Beach destruction again e294
Beach erosion studies by Federal Board (charts) 281
Shore surveys e792

CODES

Cement industry to put in force wage and hour provisions n90
Codes for city governments? J. F. Wilbur 1660
Codes and public works e237
Coming year's task e793
Construction code today. S. F. Voorhees 492
Code making and administration. J. W. Follin (charts) 494
Construction code e142, n144
Construction code being considered.....n116
Construction code changed n208
Construction code changes proposed at hearings n330
Construction codes considered by New York engineers n517
Construction code hearings..n365, n634, n604
Construction code held up by labor opposition n541
Construction code labor advisor named..n335
Construction code nears approval.....n766
Construction code progress.....e662, n726
Construction code raises labor questions of new kind e360
Construction code still unsettled n604
Construction code today. S. F. Voorhees 492
Construction League Code Committee..n*334
Construction League holds out for general code authority n692
Construction—making and administration of codes. J. W. Follin (charts)..... 494
Construction—supplemental codes vital..e236
Construction—sub-codes submitted n270
Construction—toward a united construction industry e328
Construction working conditions reported for code n363

*Illustrated; a, abstracts; e, editorials; l, letter; n, news

Contractors' code:
Text of code of fair competition for reneral contractors 82
Contracting code e86, n90
Engineers' codes e54, e86, n146, e179, n180, n238, e295, e539, n727
Engineers' code adopted n454
Engineers' code—text of code 290
Engineers' code hearing report. A. G. Chapman ..... l 571
Lumber code n272
Steel sets an example e86
Steel submits its code n89

COFFERDAMS

Circular-cell cofferdam used at Marmet Dam *337
Construction of 1,000 ft. piers for New York City *123
San Francisco-Oakland bridge—cofferdam cutting edges for piers n*146
Columns:
Concrete column spirals. K. Hajnal-Konyi ..... l 176
Gypsum incased steel columns subjected to fire tests. N. D. Mitchell *195

CONCRETE

Cement spray curing measured by electrical equipment for resistance *169
Central School at Pine Plains, N. Y., uses floor of expanded cellular concrete topped with stone concrete *565
Effect of haunches on moments in a concrete slab. E. M. Holman *656
Efficiency of aggregate interlock in concrete roads. Clifford Older 615
Friction of lubricants for laminated concrete. E. C. Eaton *442
Improving concrete quality by paying bonuses. M. H. Klegerman *434
Mass concrete for Boulder Dam. B. W. Steele *737
Million yards of concrete placed at record rate at Boulder Dam *743
Old concrete roads in New York State. Ira Paul ..... l 537
Old Ohio concrete road shows record service. F. H. Jackson *378
Refrigeration plant reduces heat of hydration at Boulder Dam *748
Results of tests on the effect of molasses on concrete. Clair & Morrissey 775
Shovel places concrete on Delaware Road *202
Steel forms for subsurface concrete *488
Tests of aggregate interlock at joints and cracks. A. C. Benkelman *227
Time of mixing. McFarland, Hirschthal ..... l 204
Vibration as a means of placing concrete. T. C. Powers *684
Vibrator attaches to steel building frame *787
Work-bonus success e450
Concrete aggregates:
Proportioning concrete. J. C. Sprague 185

CONSTRUCTION

Canadian projects planned 248
Business problems of contracting. J. L. Harrison .. 73, 129, 192, 254, 407, 472, 531
Business side of construction 28, 150, 302, 424, 546, 698
Construction at a crisis e603
Construction outlook e792
Employment and values in construction. Lawrence Mehren (charts and tables) 353
Expansion to be controlled e510
Hours and wage rates of construction industry reported to NRA 382
National Committee for Trade Recovery closes e54
On what course? e725
Possible effect of high wages on construction to be studied n272
Recovery construction. F. Lavis ..... l 631
Rising costs e388
Self-government e511
Thirteen billion needed for two-year construction 715
Wage and labor confusion e260
Wage-rate afterthoughts e450
Wage rates and wages e388
Winter construction e603
Winter work lags e691
Construction. See also Codes—construction.

CONSTRUCTION EQUIPMENT

Air delivery of road materials 628
Asphalt mixer *121
Bituminous distributors *213
Boulder trap *640
Bulk cement handled by batching plant in California *596
Bulldozer *213
Cable-controlled scrapers for tandem operation *62
Caterpillar diesel *213
Clutch-type excavators *122
Demolition hammer *458
Elevating grader *580
Hydraulic bulldozer *301
Leaning wheel grader *121
Machine for coating pipe in the field. *301
Mower with balloon tires *244
Plow digs trench for oil or gas lines ... *545
Pneumatic tired wagon for earth hauling. *640
Power unit for earth moving equipment. *488
Scarifier uses spiral blade *640
Scraper and sheepsfoot roller combined. *244
Scraper for revolving type *732
Shovel places concrete for Delaware Road *202
Steel forms for subsurface concrete *488
Support for trailer *395
Construction League of the United States e633, n*334, n692
See also Codes—Construction.

CONSTRUCTION MATERIALS

A.S.T.M. discussed materials and specifications 49
Cork expansion joint *732
Current prices. 30, 152, 304, 426, 548, 700
Manufacturer and transportation and distribution of construction materials. Lawrence Mehren (tables) 353
Road-tar consistency conversion chart. E. O. Rhodes 474

CONTRACTORS

A.G.C.—job to do e663
A.G.C. urge adoption of construction code n638
Are bidders ready? e418
Business problems of contractors. J. L. Harrison:
Pt. 1, learning the philosophy of profit 73
Pt. 2, securing business at the right price 129
Pt. 3, ethics of unbalanced bidding .. 192
Pt. 4, buying to insure greatest profit 254
Pt. 5, coordinating central and field offices 407
Pt. 6, appraisal of equipment on fixed assets 472
Pt. 7, costs of owning equipment 531
Business secured at the right price. R. F. Kirkman ..... l 326
Closing to end? e114
Compensation insurance facts important to contractors. R. Talbot 409
Compensation insurance ignorance is costly e418
Engineer praises contractors. W. T. Ballard ..... l 386
Handling extra work orders in building construction. C. V. Hobaugh 105
Is time the essence of a contract? ..... l 204
Jurisdictional dispute ended e690
New Jersey contractors improve concrete quality by paying bonuses. M. H. Klegerman *434
Profit in contracting e87
Surety company responsible for claims of sub-contractors n58
Work-bonus success e450
Contractors. See also Codes—contractors'.
Corrosion:
A.S.T.M. discuss corrosion of metals 49
Steel piling examined after 31 years' exposure. J. S. Unger *593
Cranes:
Huge hammerhead crane for Puget Sound Navy Yard. W. H. Fowler *718
Culverts:
Box culverts as brush collectors in Kansas City creek *648

D

DAMS

Alcova and Seminoe proposed dams ... *251
Arch dam study completed 78
Belle Fourche Dam:
Slide follows reservoir drawdown *371
Boulder Dam:
Artificial cooling of concrete by refrigeration plant *748
Concrete output in October n574
Future progress recharted on work yet to be done. R. F. Walter *735
Generators to be world's largest 682
Gorge excavation confirms geological assumptions *761
Hydraulic model tests for spillways. E. W. Lane *155
Major articles on Boulder Dam, 1930-1933 736
Mass concrete for Boulder Dam. B. W. Steele *737
Million yards of concrete placed at record rate *743
Penstock fabrication by welding and x-raying *751
Progress of dam n*605
Progress on small tunnels and intake towers *757
Record-size cableway spans Black Canyon *760
Reviewing the past year at Boulder Dam. J. I. Ballard *734
Small scale models e179
Spillways in canyon walls to handle floodwaters. D. C. McConaughy *754
Year of achievement at Boulder Dam. Elwood Mead *733
Bristol Dam:
Raised 30 ft. under full head *185
Castlewood Dam:
Constant vigilance needed e178
Data on failure and flood. J. E. Field. 279
Failure of dam n*182
Failure of dam floods Denver *174
Not a rock-fill dam. M. M. O'Shaughnessy ..... l 479
Cle Elum:
Rolled earth provides reservoir for Yakima project. R. J. Newell *397
Columbia River:
Bonneville, Ore.:
PWA finances second large dam on Columbia n420
Work begun on project on Columbia River *556
Grand Coulee:
Commission gets Federal Power permit n364
Bids taken on excavation work n607
Dam financed by NRA n145
Labor rates and restrictions set n298
Local engineers to be employed n181
Power contracts first e142

Caves to be surveyed n91
Consultant appointed n297
Plans for construction n25
Preliminary work pushed n422
Preliminary plans n240
Present stage of work n*727
To be built lower than first plan n456
Work going forward e724
Cumberland River:
A-frame crest adapted to dams for improving navigation. F. S. Besson *401
A-frame dam. D. A. Watt ..... l 660
Earth fill dams — another research advance e268
Drainage. J. D. Justin ..... l 448
Internal drainage for hydraulic fills. E. McD. Moore *224
Non-slip hydraulic fill at San Diego. H. N. Savage *33
Earth fill, rolled dams. R. R. Proctor:
Pt. 1 fundamental principles of soil compaction *245
Pt. 2 description of field and laboratory methods *286
Pt. 3 field and laboratory verification of soil suitability *348
Pt. 4 new principles applied to actual dam building *372
El Capitan Dam, San Diego:
Hydraulic fill dam. H. N. Savage *33
El Vado:
Metal-faced gravel dam in New Mexico. H. P. Bunger *504
Correction 661
Fort Peck:
Work begun n*576
Hartford earth dam for water supply—unit prices 214
Hydraulic fill. See Dams—Earth fill.
Internal drainage for hydraulic fill dams. E. McD. Moore *224
Kanawaha River:
Roller-gate dams for replacement *337
Madden:
Cement handling. A. J. Ackerman .... l 326
Cement protected from moisture e23
Demoistured air aids cement handling. A. J. Ackerman *11
Metal faced dams *504, e510
Norris Dam:
See Cove Creek
Prettyboy Dam:
Contractor files claim for work n578
An old lesson e86
Redesign and construction *63
Quabbin Dam:
Sinking dam corewall *215
Quebec to build dam for water supply . n240
Rolled earth. See Dams—Earth fill.
San Diego:
Non-slip hydraulic fill dam. H. N. Savage *33
San Gabriel Dam (abandoned)
Los Angeles to sue dam contractors. n332
San Gabriel No. 1:
Friction of lubricants for laminated concrete. E. C. Eaton *442
Preliminary work progressing n455
Springfield, Ill.:
Earth dam core wall nears completion. n*90
Tennessee River:
Dam No. 3 not necessary at present. S. T. Henry 537
Dam No. 3 out of harmony e539
Dam No. 3 plan to be studied n577
Dam No. 3 proceeding at top speed .. e724
Lock construction at Dam 3 ..... *196
Tennessee River. See also Dams—Cove Creek
Winooski River Dams:
Earth dams built with C.C.C. labor .. *551
Davis, Arthur P. dies n*181
Two who made history e206
Dikes:
Cutoff dikes for the Mississippi River .. *358
Ditches. See Drainage.
Donaghey, J. T., dies n695

DRAINAGE

Earth dam drainage. J. D. Justin ..... l 448
Internal drainage for hydraulic fill dams. E. McD. Moore *224
Paving side ditches for hilly roads. D. M. Norton *351
Separate roughness coefficients for channel bottom and sides. R. E. Horton (charts) 652
Soil-erosion control by terraces. C. E. Ramser *437
Drawing and drawings:
Developing unit for black and white prints *458

DREDGES AND DREDGING

Enlarging the channel of the Atchafalaya River *102
New dredging process e114
Drills and drilling:
Automatic drill-feeder *732
Wagon drill *732
Dry dock. See Wharves and Docks.

PUBLIC WORKS ADMINISTRATION
(Under National Recovery Act)

Administration of public works, ten zones set up n88
Administrators main objective e143
Advisory board n147
Allegheny County PWA program planned n605
Allotments. See Loans and grants
Arousing local interest e294
Baltimore approves PWA loan n668
Board of Review of 12 engineers n331
Board to consider larger projects n117
Bond issues to finance public works approved by voters n809
CWA to supplement PWA n629
Civil Works Administration created to give employment n606
Codes and public works e237
Constructive planning begins e388
Contract volume e510
Contracts, board rules on n366
Cut some red tape e662
Delays—if engineers are at fault e418
Delays—no time to quarrel e388
Desire for gifts e268
Engineers. See State engineers
Engineering staffs inadequate e450
Engineers sought for design of federal buildings n56
Factory jobs created indirectly from public works 232
Federal government planning to go into power business? e269
Funds misapplied e764
Getting up speed e328
Highway funds allocated in New York State n26
Highway fund distribution by 10 states approved n88
Highway program 233
Highway work set to go e236
Housing board favors fire-proof house construction n390
Housing division e328
Housing—low cost housing company formed to assist PWA n540
Housing—low-cost housing progresses under PWA program n482
Ickes and Waite head public works under Recovery Act n56
Illinois acts to facilitate PWA borrowing n667
Illinois appoints state planning commission n798
Illinois legislature meets to consider public works n452
Illinois unemployment body presents public works program n299
Increase on bridge bid due to PWA ... n610
Kansas City's ten year plan goes ahead with hand labor 75
Loan application instructions e206
Loan application instructions n182
Loan information for housing n210
Labor requirement (local) needs definition e602
Loan applications, diagrammatic presentation 266
Loan and grants—n146, n239, n241, n270, n271, n272, e294, n330, e360, n362, n390, n420, n452, n482, n515, m542, n574, n608, n636, n666, e690, n695, n726, n728, n767, n794
Loans and grants—chart shows distribution of non-federal n667
Loan procedure, answers to questions on 324
Loan procedure explained at Chicago meeting n364
Loan requirements (private) outlined. n208
Maryland Advisory Board approves seven projects n330
Maryland PWA allotments n452
Men appointed to help cities on PWA applications n604
Michigan program held up by legal difficulties n515
Missouri court rules against city borrowing from PWA n454
Nebraska projects make slow progress. n516
New appointments made to organization n181
New Jersey acts to aid cities seeking funds from PWA n729
New York subway system and Chicago Sanitary District useful investment. e764
New York State law permits cities to obtain funds from PWA n298
Officials discussion at Milwaukee n392
Oklahoma public works handicapped by tax limitations n271
Organization and policies n144
Organization for administration of public works 267
The PWA opportunity e5
Planning board formulates principles .. 4
Planning work under new PWA allotment n6
President to ask new PWA fund n6
Program formulated under Recovery Act
Program to go ahead 1
Progress and delays—summary of telegraphic reports 4
Progress at last e2
Progress on public works 2
Rail equipment and construction receive PWA loan n5
Re-employment program 6
Regional heads designated by public works n1
Regional inspectors appointed n2
Regional needs 3
Relief work, use of PWA funds approved by president n5
Rhode Island Public Works Corporation formed n6
State engineer dismissed n609, n7
State engineers office addresses n2
State engineers for public works n2
Steps to speed projects n1
Tentative allotments for local projects to be made n29
Uncle Sam as Santa Claus e4
Vermont highway commission named public works board n11
Wage-rate afterthoughts e45
Wage rates set for public works fund projects n23
Wage rate and labor confusion e26
Wage rates on public works specified by Colorado n45
Wage rate agreement by Board with building trades union n241
Wage rates on dredging in Florida n45
H. M. Waite named deputy administrator n56, n*6
Will the public-works program fail? ... e41
Winter works e48

PUMPS AND PUMPING

Detroit water supply plant selects pumping equipment. Rudd & Ayres *429, pt. 2 ..... *467
Old Cornish pumps at Jersey City waterworks. F. M. Weiss ..... l *661
Pump research for Colorado River aqueduct system e539
Selecting pumping equipment for Detroit water works e450
Sump pump operated by air motor *62

R

Radio telephones to direct work on San Francisco-Oakland bridge n335

RAILWAY CONSTRUCTION

East St. Louis extends time for track rerouting n119
Indianapolis track elevation needs financing n768
Kansas City-Valley Falls line proposed. n766
New York Central Railroad viaduct carried through occupied building. G. T. Gilman *641
Railway engineer's new work e143
Receives PWA loan n574
Santa Fe elevates its tracks in Oklahoma City. H. W. Wagner *563
Syracuse track elevation contract let.. n727
Toledo Railroad eliminates center pier and uses integral abutment for grade separation of tracks *568
20-mile railroad to be built to mine in New Mexico n365
Railway equipment:
Rail equipment receives PWA loan n574

RAILWAY OPERATION

Abandonment of line Cornelia, Ga. to Franklin, N. C. n795
Freight handling study e236
Railway rates:
Rail freight rates decision e178
Railway signals and train control:
Human element e389

RAILWAY TERMINALS

Chicago terminal proposed for 18 railroads n704
Cincinnati's new union terminal *524
Hamilton, Ont., opens new station.... n*455
Los Angeles station ordered built by commission n452
Los Angeles terminal site approved after dispute n363
New York Central freight terminal .. n*209
Oklahoma City proposed station building *564
Philadelphia station of Pennsylvania Railroad opened n766
St. Louis electrified rail terminal..... *671
Railway track and trackwork:
Crossings. See Grade Crossings
Rails:
Price reduction to stimulate purchases n515, n544

Rainfall and runoff:
Analysis of flood produced by California cloudburst 128
Soil-erosion control by terraces. C. E. Ramser *43
Rapid transit:
Philadelphia and Camden bridge line to cost $10,000,000 ..... n516
Philadelphia-Camden bridge line bids called for n796
Street-car viaduct built over railway terminal in Chicago. Samuel Morecll, Jr. *626
Rapid transit. See also Subways.
Refrigeration plant for cooling of concrete at Boulder Dam *748

REGIONAL PLANNING

Adapting public works to regional needs 381
Chesapeake Bay Authority organized for regional plans n363
Colorado Board approves water utilization program n297
Research:
Experimental cement plant at University of California. J. W. Kelly *519
Pump research for Colorado River aqueduct system e539

RESERVOIRS

Belle Fourche Dam, slides follows reservoir drawdown *371
Cajalco plans approved n393
Cle Elum dam completes storage for Yakima project. R. J. Newell *397
Fort Peck reservoir work begun *576
Prettyboy Dam for Baltimore water storage—redesign and construction .. *63
Quabbin Reservoir for Boston—sinking cam corewall *215
Quebec surveys for storage reservoir .. n27
Reservoir levels e236
Sacandaga Reservoir regulation. E. H. Sargent l*448
Syracuse, tests conducted in relining reservoirs provide data on gunite. E. P. Stewart *558
Revetments:
Recent investigations of bank revetment (Mississippi River plans for flood control) *166
Bridgway, Robert, retires from New York subway work n768
River gages improved with public-works fund 688

RIVERS

Arkansas Basin Committee named by PWA n422
Box culverts as brush collectors in Kansas City creek *648
Charles River plan to shift course in old Cambridge n540
Red River Basin Committee appointed by PWA n422
Rio Grande treaty approved for straightening river n365
River and harbor projects approved by PWA n298
Sag Channel connection of Great Lakes with Chicago inland waterways wanted n331
Santiam River basin—water power available 343
Yellow River in China. A. M. Shaw .. *261
Rivers. See also Mississippi, Missouri., St. Lawrence, Tennessee

RIVETS AND RIVETING

Cold driven rivets. I. F. Morrison .... l 113
Cold driven rivets. W. A. Oliver .... l 205
Corrosion and brittleness in cold-driven rivets. H. J. Wright e326

ROOFS AND ROOFING

Catenary steel plate roof for grain elevator *137
Novelty in roofs e142
Paraboloid hyperbolic roof. A. A. Eremin l*449

S

ST. LAWRENCE RIVER

Power development, Mead's paper at A.S.C.E. meeting, Chicago 21, e22
Power development, Chicago discussion e22
Waterway draft cut n513
Sampler for soil of San Francisco-Oakland bridge. D. E. Moran *404
Sampler, silt, developed for water studies. A. H. Frazier *491
Sanitation:
Chesapeake Bay Authority organized for regional plans n363
Streator, Ill. flooded; waterworks requires emergency sanitation measures *225
Seawalls:
Coast erosion and protection discussed at Washington meeting n730

SEWAGE TREATMENT

Aurora sewage works—third year operation data 67
Chemical sewage-treatment methods 676
Cleveland plant approved by PWA engineer n332
Chicago Sanitary District pledges funds for restudy n696
Chicago Sanitary District second loan from PWA n728
Cincinnati sewage disposal plant recommended n393
Columbus, O. called to explain plan delay n88
Columbus, Ohio, sewage plans rejected by Health Board n271
Columbus sewage loan e480
Dearborn sewage sludge pumped through long pipe line. G. E. Hubbell 343
Designing and operating a small sewage plant in Indiana. L. J. Arthur *645
Detroit sewage disposal scheme n517
Findlay, Ohio, sanitary progress. T. B. Henry *703
Herington, Kan. sewage plant sells effluent for boiler water *521
Indiana cities ordered to build disposal plants to end stream pollution n541
Milwaukee activated-sludge case hearing n574
Milwaukee not in contempt over activated sludge patent n365
Milwaukee plans extension to activated-sludge plant *98
Milwaukee sewage plant operation for the past five years *586
Motor-driven "disintegrator" breaks up sewage solids *480
Niagara frontier to study sewage disposal plans n697
Odor elimination in sewage-treatment works 621
Reciprocating distributor for trickling filters *301
Regional sewage treatment discussed at Providence n638
Rhode Island report recommends centralized sewage disposal n577
Schenectady sewage-treatment plant if discontinued will be retreat from civilization e538
Sewage screen *395
Sewage-treatment costs at thirty Illinois plants. Wisely & Ferguson *780
Sewage-treatment costs e792
Sewage treatment discussed at Central States Sewage Works Assn. n514
Toronto additional sewage plant recommended n729
Treated sewage as boiler feed e538

SEWERAGE

Buffalo sewage plans to be revised ..n184
Chicago drainage canal may be sold to federal government n541
Chicago lake-diversion case not to be reconsidered n482
Chicago requests rehearing of sanitary district case n421
Chicago Sanitary District loan e510
Chicago Sanitary District accepts loan contract n637
Cook County, Ill., stream-pollution survey 466
Findlay, Ohio, sanitary program. T. B. Henry *703
Hackensack authority to apply for PWA aid for sewerage projects n363
Hackensack Valley Sewerage Board starts existence n333
Joint sewerage works described at N. Y. Sewage Assn. n541
Niagara Frontier Sewage Commission planned n297
Niagara region to have sewerage district plan n240
Public Health engineers discuss problems n486
Rhode Island sewage plan for cities ..n795
St. Louis epidemic cited in plea for sewerage system n333
St. Paul and Minneapolis declared a sanitary district n89
St. Paul and Minneapolis establish sanitary district n273
St. Paul and Minneapolis organize sanitary district n541
Twin Cities sanitary staff appointed ..n607
Twin Cities sanitary work delayed n768
Willamette Valley sanitary program ... 322
Willamette Valley sewerage preliminaries expedited n452
Winnipeg plans interceptors and sewage treatment plant n730

SEWERS

Explosion in Chicago sewer n796
New Jersey contractor improves concrete quality by paying bonuses. M. H. Klegerman *434
Storm-sewer job in Denver, labor estimated from records of other jobs.... 400
Tested for tightness by measuring outward leakage. H. R. F. Helland 659
Shaft sinking:
Caissons for shaft construction in ancient Egypt *675
Ships and shipping:
Steel channel hulls used for new welded ships *624
Shore protection. See Coast Erosion and Protection
Silicosis:
West Virginia tunnel suits settled n181
Silt sampler developed for water studies A. H. Frazier *491
Smith, J. Waldo, dies n*483, e480
Society for Promotion of Engineering Education:
Chicago meeting a fortieth anniversary. C. W. Park 71

SOIL EROSION

Soil Erosion Service plans large-scale operations 644
Demonstrating erosion control e602
Erosion of soil controlled by terraces. C. E. Ramser *437

SOIL MECHANICS

Another research advance e268
Rolled-earth dams. R. R. Proctor
Pt. 1 fundamental principles of soil compaction *245
Pt. 2 description of field and laboratory methods *286
Pt. 3 field and laboratory verification of soil suitability *318
Pt. 4 new principles applied to actual dam-building *372
Soil-bearing tests for Columbus water tanks. J. C. Prior (charts) 500
Soil-study research. George Paaswell. l 600
Standardization:
Bureau of Standards transfers work to A.S.A. n298
Rolled-steel structural sections e451

STEEL and STEELWORK

Code under NRA. See Codes
Albany grain elevator, catenary steel plate roof *137
Casa Grande runs steel shelter. Kittredge & Nickel *46
Gypsum-incased steel columns subjected to fire tests. N. D. Mitchell *195
Pensacola Bay, Fla., jetty of steel sheet-pile. Foster & Young *489
Penstock fabrication for Boulder Dam by welding and x-raying *751
Rolled steel sections unified e451
Specifications for steel for fusion welding 289
Specifications (new) for steel, approved by A.S.T.M. n638
Specification work at A.S.T.M. meeting 19
Steel channel hulls used for new welded ships *624
Steel housing subject at meeting of American Institute of Steel Construction n512
Steel piling examined after 31 years' exposure. J. S. Unger *593
Stronger steel e632
Stevenson, Archibald A., dies n*769
Streets:
New Seventh Street trafficway in Kansas City e480
Sanitation in Germany (A.S.M.E. meeting* 446
Street traffic:
New Seventh Street trafficway in Kansas City, Kansas. LaMotte Grover *459
Subsidence, areal. F. H. Tibbetts 1204
Subsistence homesteads:
Land purchased for homesteads under Recovery Act n482
Planned at three sites n797

SUBWAYS

Boston may build new Back Bay subway .n239
Boston revised plans considered n514
Cleveland proposes subway n486
Detroit voted for 20 miles of subway—faith in the future n609, e602
New York City allotted $23,160,000 for subways n726
New York City seeks PWA loan for municipal subway system n575
N. Y. subway affected by court division on transit fare n635

SURVEYS AND SURVEYING

Areal subsidence. F. H. Tibbetts 1204
Coast and geodetic survey work under the National Recovery Act. R. S. Patton 293
Los Angeles County plans survey control 203
Preserve the landmarks! William Bowie .*172
Preserve the landmarks e178
Preserve the landmarks. W. D. Jones.. l 448
Survey funds e178
Vermont-New Hampshire boundary fixed by Supreme Court 36
Vertical distances charted from stadia measurements. J. R. McComas *347
Work undertaken by Geodetic Survey as relief project n694
Swimming-pools:
Texas A. & M. College pool provided with recirculation system. Forsyth & Zeller 535

T

TANKS AND STANDPIPES

Brooklyn, N. Y. Monolithic tank building for beer storage. Godfrey Lutz .*649
Milwaukee boosts water pressure with elevated storage tank. E. F. Tanghe.. 321
Soil-bearing tests for Columbus water tanks. J. C. Prior (charts) 500
Tiverton, R. I., caulking stressed welded joints caused oil-tank failure 720
Tiverton, R. I., lessons from disaster... e724
Tiverton, R. I., welded oil-storage tank failed under test n637
Welding a spherical tank *285

*Illustrated; a, abstracts; e, editorials; l, letter; n, news

TAXATION

A.S.C.E. discusses taxation 51
Columbus, Ohio, tax limit set n696
Highway users oppose diversion of motor taxes n796
Missouri proposes increased gas tax n795
Ohio voters—dangerous expedient e603
St. Paul devises means to encourage payment of taxes n455
West Virginia decision suspends municipal activities n486

TENNESSEE VALLEY AUTHORITY

Aurora dam site to be developed n797
Dam No. 3:
Lock construction *196
Not necessary at present. S. T. Henry 537
Studies under way n577
Power license for private plant opposed. n272
Power policy e724
Power rates set e724
Power rates, a yardstick for n364
Power service applied for by communities e360
Power service requirements check n299
Social experiment starts e764
Wage rate set for construction e115
Tennessee Valley Authority. See also Dams—Cove Creek. n696

TERMITES

About wood borers e178
Termites and their threat to timber structures. A. A. Brown *221
Wood borers destroy piles. G. M. Hunt .. 1327
Wood borers remove piles from building foundation in St. Paul. C. A. P. Turner 158
Testing machine capacity doubled by special loading rig. Inge Lyse *248
Thermostatic heat control for power-shovel motors. J. E. Borland *48

TIMBER

A.S.T.M. discuss specifications for timber 49
Fabricated structural timber e114
Lumber code n272
Ring-connector joints used on timber bridge trusses. Ryan & Smith *95
Tractors. See Construction equipment.
Trestle, Bonnet Carre. See Bridges, New Orleans.
Trusses:
Ring-connector joints used on timber bridge trusses. Ryan & Smith *95

TUNNELS

Antwerp, vehicle and pedestrian tunnels opened n351
Gibraltar tunnel surveys 438
Hetch Hetchy tunnel lining *107
Mersey River vehicle tunnel e602
Mersey River vehicle tunnel in England nears completion. E. R. Tratman .. *581
Mersey Tunnel, England, paving 566
Midtown tunnel, New York, financing arranged n296
Midtown vehicle tunnel, New York, gets loan n270
Midtown tunnel lining contract let n421
Moffat tunnel project to ask for loan .. n119
Quabbin Aqueduct has well-managed tunneling methods *310
Trapezoidal block lined tunnel at Norristown, Pa. *162
Vancouver water tunnel caissons. Smaill & Wynne-Edwards *9
Wind tunnel, high pressure 6
Yosemite National Park highway tunnel. C. S. Moore *76
Typhoid fever:
Outbreaks in New York discussed at N.E.W.W.A. convention 384

U

UNEMPLOYMENT

Civil Works Administration created to give employment n606
Colorado—unemployed engineers decreasing n298
Czechoslovakia to build public works for unemployed 226
Emergency employment service to fill public works jobs n116
Inventory of real property to be made in 60 cities by unemployed n794
Kansas City's ten-year public works plan goes ahead with hand labor 75
New call on the engineer—CWA e802
Use of PWA funds for relief approved by the president n540
Unemployment. See also Civil Works Administration. Public Works Administration.
U. S. Bureau of Reclamation:
A. P. Davis named consultant n57
Planning for Grand Coulee Dam n181

UNITED STATES COAST AND GEODETIC SURVEY

CWA to cooperate on survey work n665
Control survey extension e724
Preserve the landmarks! William Bowie. *172
Survey program under the National Recovery Act. R. S. Patton 293
Survey work undertaken as relief project n694
U. S. Navy:
Huge hammerhead crane for Puget Sound Navy Yard. W. H. Fowler *718
Public works under way n727

V

Viaducts:
Railroad viaduct carried through occupied building in New York City. G. T. Gilman *641
Street-car viaduct built over railway terminal in Chicago. Samuel Morrell, Jr. *628
Virginia Water and Sewage Works:
To affiliate with A.W.W.A. n667

W

Walls:
Dampness on masonry walls 562
Reinforced-brick walls reduce steelwork. L. B. Lent *257
Wastes, industrial, treated by chemicals to reduce toxicity. E. F. Eldridge 677
Water hammer:
A.S.C.E. discusses water hammer 53

WATER METERS AND METERING

Filters and metering proposed for south district of Chicago n637
Flow meter uses side contractions only. F. A. Nagler *132
Metering urged for New York City n605

WATER POLLUTION

A.S.C.E. discusses stream pollution 52
Cook County, Ill., stream-pollution survey 466
Indiana cities ordered to end stream pollution and build disposal plants n541
Niagara frontier counties ask PWA aid for sanitation plan n364
Streator, Ill., flooded water works requires emergency sanitation measures. *225
Tacoma responsible for damages caused by pollution n59
Water power. See Hydro-electric power.
Water resources:
Walla Walla River water resources 194
Water rights:
Wyoming and South Dakota agree on division of water n604

WATER SUPPLY

Boston supply — Quabbin Aqueduct has well-managed tunneling methods *310
Boston water supply—progress on new water supply *308
Boulder City water supply treatment. D. M. Forester *275
Bridgeport water supply described at N.E.W.W.A. convention 384
California water plan ready for financing n242
Chicago engineers recommend filters and metering n637
Colorado Board approves water utilization program n297
Copious artesian supply serves entire Colonie township, N. Y. F. J. Keis .. *627
Denver's extension of water supply program to be put to vote n769
Head of London water board resigns .. n605
Hetch Hetchy tunnel—lining tunnel .. *107
Moffat tunnel project to ask for loan .. n119
New Jersey Water Authority proposed by governor n393
Prettyboy Dam for Baltimore water storage—redesign and construction .. *63
Quabbin Reservoir for Boston—sinking dam corewall *215
Quebec to build dam for water supply .. n240
San Diego augments supply by constructing El Capitan Dam. H. N. Savage .. *33

WATER TREATMENT

Ammonia-chlorine treatment at filter plant at Detroit. Roberts Hulbert 3
Boulder City water treatment—correction. D. M. Forester 15
Boulder City water supply treatment. D. M. Forester ..... *
Chlorination practices discussed at N.E.W.W.A. convention ..... *
Comprehensive stream cleansing 38
Cost of making alum for water department of Kansas City, Mo. 5
Filters for Chicago e6
Filtration plants on Lake Michigan—operating results 2
Herington, Kan., sewage plant uses effluent for boiler plant e38
Mahoning Valley filter plant uses false Wheeler filter bottom. G. G. Dixon .. *31
Measurement of odor intensity discussed at N.E.W.W.A. convention 38
Odor determinations e38
Prechlorination house *62
Sacramento sets new standards in pretreatment. H. N. Jenks ..... *
Streator, Ill., flooded waterworks requires emergency sanitation measures .. *22
Swimming pool in Texas college provided with recirculation system. Forsyth & Zeller *53
Treated sewage as boiler feed e53
Treatment of water supply after Long Beach earthquake. R. F. Goudey *50

WATERWORKS

Aberdeen, S. D., contract let for water supply project n57
Advance in waterworks practice e30
Boston water supply—progress on new development *30
Boston water supply—Quabbin Aqueduct has well-managed tunneling methods. *31
California State Water Development plan approved n79
Cleveland's projects approved by state board n36
Denver water department reorganized .. n45
Detroit's experiences with ammonia-chlorine treatment. Roberts Hulbert. 31
Detroit water supply, selecting pumping equipment. Rudd & Ayres. *429, pt. 2 *46
Duplication of waterworks opposed by A.W.W.A. n51
E. C. Leible celebrates sixty years with Indianapolis waterworks n60
Long Beach not to withdraw from California water district n66
Mahoning Valley filter plant uses false Wheeler filter bottom. G. G. Dixon. *31
Milwaukee boosts water pressure with elevated storage tank. E. F. Tanghe .. 32
Old Cornish pumps at Jersey City waterworks. F. M. Weiss ..... †66
Reading water works program n79
Sacramento places in operation new pretreatment works. H. N. Jenks ..... *
Streator, Ill., flooded waterworks requires emergency sanitation measures *22

WELDING

Effect of welding on steel 58
Gas cutting machine ..... *
German bridge of welded plate-girders. Rene Leonhardt *80
Oxy-acetylene cutting machine *58
Peekskill bridge capacity increased from 12 to 30 tons. F. B. Doolittle *68
Penstock fabrication for Boulder Dam by welding and x-raying *75
Recent studies reported at convention .. *
Specifications for steel for fusion welding 44
Tiverton, R. I., caulking stressed welded joints caused oil-tank failure 28
Tiverton, R. I., failure of welded oil-storage tank under test 72
Welded ships use steel channels for hull. *62
Welding a spherical tank *28

WELLS

Copious artesian supply serves entire Colonie Township, N. Y. F. J. Keis. *62
Groundwater resources of northeastern Pennsylvania 31
Plugging wells in New Mexico saved irrigation water 59
Records of groundwater supplies in Texas 56
Wharves and docks:
New York piers for 1,000 ft. ships *12
Southampton's quay and dry dock *62
Wind storms:
Texas hurricane n33
Wood. See Timber and Termites.
Wood preservation:
Termites and preventive treatments. A. A. Brown *22

X

X-ray equipment, portable *24
